# Dart News

Fall Dart League has a starting date of Sept.25/26.

Sign ups for both Dart Leagues (Sunday and Monday nights) are active on the web site and in the OSC Store until Sept 10th.

As of this writing, we have several spots open for Sunday's 501 league and a couple spots open for Monday's Cricket league.

Both leagues will play out of The White House Bar & Grill at 77th and Cass St. \$28 per person per league for 10 weeks of throwing. The White House Bar is a really fun place to throw out of and the food is really good!

The dart committee will assemble the teams to keep them as equal as possible (but we will, on occasion, allow people to throw together if requested).

Hope to see you at the throw-lines!

## POOL LEAGUE

# Pool News

The Fall OSC Pool League sign-ups are in the store now, with the 12-week season starting September 8 and running through December 1st.

There's nothing better to do in the fall than Pool League! League fees are \$25 each for members again, two person teams, 7PM Thursdays at Big John's Billiards, and yes, that is 8 games of 8 Ball per night for 12 weeks = 96 games! Great deal.

We will split the league into divisions if we get enough sign-ups, and it is handicapped, so don't be afraid to try it. The rules are posted on the OSC web site. Still have questions? Call, text, or email me. Maybe we can meet on a Monday and practice a few games....

Good fun, and good people sign up for OSC Pool. Be one of them! Big John's let us play pool for free on Monday nights all year long, too. Just let them know you're a Sports Club member.

See you at Big John's!

**2022 Fall Softball Session** - Sunday Night Fall Softball has started on August 28th at Kelley Fields.

We have 3 coed teams playing this fall but will only be playing for 7 weeks. The fall session is a shorten session and there is not a tournament at the end like the Spring/Summer session.

The goal is always to get all our fall games completed before the snow begins. At the end of the season we will be having a Season End Softball Party at a place yet to be determined. Now is the time to watch how quick 12 new players can develop such good team work as they try to blend their skills together to achieve the league champion title.

We had a great practice / tryouts on the Sunday before our games started and had a very good turnout. There were lots of new faces looking for lots of fun. The 3 coaches had a tough job drafting their teams by trying to make sure the competitive skill levels of all the players resulted in well balance competitive teams. That is the goal we strive for - to have well balance teams.

If you know of anyone looking to play softball, please forward them this information about our club having softball. Just point them to our website [www.omahasportsclub.com](http://www.omahasportsclub.com) and have them checkout the softball sport. You can also have them send their contact information to me and I will help get them involved in softball. If they would like to be a sub on one of the teams or if you have any questions about softball, please email me at [mbmenke@cox.net](mailto:mbmenke@cox.net) with "Softball" in the subject line.

As I have always said: You do not have to be an Olympic star to be on our softball teams; you just have to want to have FUN and then maybe play hard while on the field, and then enjoy some socializing after the games. This means having a chance to meet and play with new people which adds to the fun especially if you like meeting people.

The 2023 Spring/Summer Softball information will probably start showing up on the website about December so make sure to check back then if I can't get you on the Softball field this fall.

Hope to see you on the Softball Fields this fall.

## Scramble Results

Our visit to Woodbine Golf Course for the July Scramble was a true experience on my end. The golf course was under new management and our event was only their 2nd attempt. The restaurant side was good and everything was set up and arranged. The golf course side was difficult and chaos when I arrived. Every-time I called to firm up details there was someone new (that didn't know anything) and when I was to "leave a message" my call was never returned.

After pre-golf details were worked out we had a great time. In my opinion, playing twice around is fun, it gives you a chance to improve on your bad shots from the first round and gives you confidence on your good shots the second time around.

Two teams had to play as "threesomes" because we had some last minute cancellations. Luckily the golf course didn't charge us for extra golf or extra food. If you're reading this and you're thinking: "I would have played on a last minute pinch" Please let me know now so I'll keep your name handy... we needed you.
